GERALD JASON

KodeKiddo

participated in  
Web.Comp (Advanced)  
2020

Participation

Students in Web.Comp (Advanced) learn to write web pages in HTML, CSS and JavaScript while competing with students from around the world. The Advanced stream is designed for students who have experience in web development, and moves rapidly through the basics of building interactive websites using JavaScript.

Dr. James Curran  
Co-founder and CEO, Grok Learning
